

Key Points for Applying for Federal Funding

Need

Compelling need -

Data

Current and Relevant -

Current Efforts

What is your community / jurisdiction currently doing to address the problem and why is that not enough -

Collaborations/Resources

Identify Community Partners and available resources -

Implementation Plan

What's your plan – is it innovative / replicable / modeled after another successful program -

Capacity

What experience does the lead applicant have with administering federal funding and a program of this nature and size -

Evaluation

Are your deliverables measurable and how will you measure your achievements -
